It Is A Good Time To Buy

The Cheapness of Many Things

these days is not at the cost of material or workmanship. The great majority of our patrons are not of the shallow kind that are caught by huge mark-downs; that are so easily steered by buyers and sellers for advertising purposes. Our admitted importance to the makers of goods is increased because we refuse to deal in baits, or decoy prices, to advertise lots with a few in a lot to mislead customers. Some of our most valued makers of garments will not lend themselves to dishonest practices in exaggerating and reductions of values. There's a whirlwind or maelstrom just now in the markets, and we are taking many lots of goods for cash. It is a good time to buy.

Women's New Summer Dresses and Lingerie Frocks

Cool, airy dresses are here by the hundreds—house dresses for morning, afternoon dresses for the porch, finer afternoon dresses, imported lingerie dresses for evening. Pretty crepe and voiles, lawns and batistes and organdies—some plain white, some flowered, some in plain colors. Such things are priced from \$1.00 to \$25.00, and a few, being special purchases, are specially priced. New linen dresses are coming in—some in the long tunic styles. These are in white and gay colors. This is merely a suggestion of all the interesting doings in the Woman's sections. As a matter of fact, new shipments are coming in daily and being hurried upstairs where women planning their summer wardrobes can see them. We're featuring special four groups at Values to \$8.50 Values to \$12.50 Values to \$15.00 Values to \$16.50

Social and Personal

Mission Circle Meets.
A very interesting meeting of the Woman's Mission Circle was held at 3 o'clock this afternoon. "Japan" was the topic of discussion with Mrs. Robert Garrett leading in the parlors of the First Baptist church. At the close of the discussion a social session was held.

James Bowcock, who was a guest of his uncle, John B. Hart, for the week end left for New York Monday night, from which port he will sail for Europe and will reside in Switzerland.

Lloyd Lowndes and son, Lloyd, Jr., of Cumberland, who spent the week end with Mr. and Mrs. Richard T. Lowndes, have returned home.

Program Musical.
In the First Baptist church last evening a very enjoyable program of music was rendered by the pupils of Miss Cora R. Smith, in the First Baptist church. The proceeds will be given to the use of the Baptist Young People's Union.

Informal Reception.
In the social rooms of the First Methodist Episcopal church an informal reception was given from 8 to 10 o'clock last evening in honor of the delegates who are in the city attending the biennial convention of the Epworth League of the state. Fruit punch was refreshingly served throughout the evening and a well selected program of music was rendered by the Epworth League choir interspersed by vocal solos given by Mr. Millard F. Snider of this city and Rev. Goodrim of Mannington.

Lawn Fete.
The members of Mr. M. M. Carr's Sunday school class will hold a lawn fete on the lawn of the St. Pauls Methodist Episcopal church, South, tomorrow afternoon and evening. Every one is cordially invited to attend.

To Entertain.
At 2:30 o'clock tomorrow afternoon, Mrs. A. M. Hammond will entertain the Ladies Aid society of Ash Chapel, Methodist Episcopal church, at Broad Oaks, in the parsonage of the church. All members are asked to be present.

Roosevelt-Willard.
MADRID, Spain, June 10.—The civil marriage of Miss Belle Wyatt Willard, daughter of the American ambassador to Spain, and Kermit Roosevelt, son of Colonel Theodore Roosevelt, was performed today. The ceremony was performed at the office and residence of the chief of police by a magistrate of the Buena Vista district. Police headquarters are located in a popular section of the city and the passage of the wedding party in five automobiles attracted considerable attention.

Moving picture men were in force and in the vicinity of the building a small crowd gathered, which was kept from approaching too closely by policemen. Colonel Roosevelt and Ambassador Willard were among those present at the ceremony, after which the wedding party left the city to pass the afternoon at Toledo.

Return from School.
Misses Agnes Fleming Hood, Bertha Bland and Edna Haymaker, students of Goucher College of Baltimore, Md., returned home this morning. Closing exercises at the school were held June 8, but the young ladies spent a week enjoying a house party at Eastern Shore, Md.

Visit Infirmary.
Eighteen members of the Woman's Christian Temperance Union of Broad Oaks paid a visit to the county infirmary Tuesday, which brought much cheer to the inmates. They were accompanied by the Rev. W. C. Taylor, who made an interesting talk. Five automobiles were furnished to take the party to the infirmary and these were heartily appreciated by the ladies. Ice cream, cake and fruit were served by the ladies.

Special Meeting.
There will be a special meeting of the Ladies Aid Society of the Adamston United Brethren church at the parsonage at 7:30 o'clock Thursday evening. All members are urged to be present.

IN REFRIGERATORS YOU WANT THE HOT AIR OUT AND THE COLD AIR IN.

The Leonard Cleanable Refrigerator has ten walls to keep the hot air out. It is lined with one-piece porcelain, thus furnishing absolutely no cracks to catch dirt, breed disease and create unwholesome odors.

Dr. H. W. Wiley, the government pure food expert, says: "The ordinary ice box is a charnal house of death."

Hygienic Laws demand a continuous, round-cornered Porcelain-lined Refrigerator, which can be washed the same as your China dishes. There is but one on the market, and that is the Leonard Cleanable. Let us show you. A few left at \$24.00 up.

IN GAS RANGES YOU WANT THE HOT AIR IN AND THE COLD AIR OUT.

The New Method Gas Range has a heavy Asbestos lining which serves the purpose of holding the heat in, thus saving about 25 per cent gas bills besides keeping the kitchen cool. New Method Stoves are covered with rust proof enamel. Wipe them off with a damp cloth and they are nice as new. They bake and broil evenly on the top, sides and bottom, and have a dozen patented, handy devices not found in other stoves.

Let us show you. Price \$11.00 up.
